## ABOUT WPST 2026

The World Pharmaceutical Sciences & Translational Congress (WPST 2026) will take place in Boston, Massachusetts, USA, with an option for online participation, bringing together scientists, researchers, clinicians, pharmacists, academicians, and industry professionals from around the world. This distinguished event will provide a premier platform to discuss recent advances, challenges, and innovations in the field of pharmaceutical sciences and translational medicine. WPST 2026 aims to bridge the gap between laboratory research and clinical application, promoting collaboration across academia, healthcare, and the pharmaceutical industry to improve drug discovery, development, and therapeutic outcomes.

The conference will feature keynote lectures, oral and poster presentations, panel discussions, and workshops focusing on a wide range of topics including drug formulation, pharmacology, nanomedicine, biotechnology, personalized medicine, regulatory affairs, and clinical trials. Participants will have the opportunity to share their research findings, explore cutting-edge technologies, and engage in thought-provoking discussions with global experts. WPST 2026 is committed to advancing the frontiers of pharmaceutical innovation and translational research while fostering networking, collaboration, and knowledge exchange that drive the future of healthcare and medicine.
